Senora GARDENS

Senora Gardens is a project which reflects twenty five years of our experience. Years defined by the steady growth of building excellence. We created this project for you. We want you to experience the Costa del Sol in a way few ever have, with a level of calm, comfort and beauty that belongs entirely to this place.

Over the years, our work has taken us through challenges, successes and ideas that reshaped how we understand what a home should be. We believe Senora Gardens will stand as the result of that journey. A project built not just with experience, but with conviction, discipline and a clear belief in creating something that rises above the ordinary. It's this journey we want you to feel the moment you walk into your new home.

Sunlight moves through the rooms from morning to evening, giving each home a sense of brightness and clarity. The penthouses rise above the development with some of the most beautiful views of the Mediterranean Sea, framed by the surrounding greenery and the soft horizon. Together, the landscape and the architecture **define Senora Gardens**.

Senora
GARDENS

Each apartment at Senora Gardens offers two rooms and two bathrooms, arranged with a sense of balance and comfort that suits both everyday living and modern design. The main living area opens directly toward the terrace, with wide glass doors that bring in the light and frame the sea beyond. The space is finished with refined materials and warm neutral tones, giving the room a calm, high-end feel. Everything has been selected to work together, the layout, the finishes, the natural light, creating a salon that feels elegant, spacious and unmistakably contemporary.

The bedrooms offer the same sense of calm and quality found throughout the apartment. Both rooms are designed with generous space, built-in wardrobes and a clean, modern finish that keeps the atmosphere warm and organised. The main bedroom opens directly onto the terrace, allowing natural light to fill the space from morning to evening. The two bathrooms are finished with high-standard materials and soft lighting that give the spaces a refined, almost spa-like feel. Together, the bedrooms and bathrooms add a layer of comfort and practicality that completes the home.
